AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

In reply to the Office Action mailed September 15, 2000, please amend the above-identified application as indicated below, and consider the remarks that follow.

IN THE CLAIMS

Please amend the claim as follows.

20. (Amended) In a process for the preparation of lactams comprising 6 to 12 carbon atoms from the corresponding cycloalkanone oximes by rearrangement according to the Beckman reaction in the presence of acid, the improvement wherein said acid [consisting] consists essentially of methanesulphonic acid.

REMARKS

Double-Patenting
